[Regarding the draft agenda item III.]

Subject : IMPORTANT - Regarding the 'Sustainability in a Healthy Manner' of our common efforts for communication, interaction and collaboration of UBI Advocates from different corners of the World, through our tools (e-mail group, Worldwide Meetings, etc.)

Note : The content of this message will be valid TEMPORARILY (till the end of our coming meeting on 9th of February, 2021, Tuesday, at GMT 14:30). Following the discussions to be held during that meeting, we hope to have a PERMANENT set of rules.

Dear UBI Advocates,

I hope you are all well and safe.

Unfortunately, i had to prepare this message upon the necessity seen and I am sharing it with you;

'Worldwide Meetings of UBI Advocates and UBI Networks', e-mail group for UBI Advocates and UBI Networks ('ubi-advocates@googlegroups.com'), 'The Record Book of UBI Advocates', 'Global Map of UBI Networks', the activities of the Working Groups formed during our Worldwide Meetings, etc. are all have been designed, structured and are being executed only for introducing additional tools for communication, interaction and collaboration of 'UBI Advocates and UBI Networks' from different corners of the World. Just, regarding their UBI advocay efforts and not for any other purposes.

No intervention has been made to the written messages, speeches and contributions to date. Under normal circumstances, we believe that all our friends will act responsibly.

However, we have experienced different developments recently. In addition to the reaction messages sent to the e-mail group, there is more than twenty complaint messages directly send to me.

In this context, I would like to make the following explanations and announcements;

1 - All of our works, especially Worldwide Meetings and e-mail group, are based solely on the knowledge and experiance sharing on UBI Advocacy efforts, in order to support the efforts we carry out in our own countries with very limited resources.

2 - During our all activities, there is no question of any fundraising, dues, payments, etc. Please be very carefull with such cheating attempts, which you may encounter directly or indirectly.

3 - Written and verbal contributors are expected to act responsibly regarding the content of their contributions. All the responsibilities of what is written, said and shared belong to themselves (the author, the speaker and the one who shares). But; hate and/or discriminatory speech, and expressions against human rights can not be tolerated and are unacceptable.

4 – Also, all the posts should be related to UBI Advocacy efforts.

5 - We do not have the opportunity to read all the messages as soon as they arrive. With your alerts (through e-mail, whatsapp message, Zoom chat box message, etc.) we can be aware of the problems.

6 - After now, when we receive a complaint message from three of our friends due to 'hate, discriminatory discourses, and expressions against human rights' with in the message or messages of one of our friends, unfortunately, we will have to take this friend out of the e-mail group.

7 - I guess and i believe, what we are wishing and aiming is also in conformity with the soul and characteristics of UBI.

8 - During the meetings; regarding the key note contributions which have been mentioned as an agenda item, we will try to receive a duration estimate from the key note speaker and announce it together with the draft agenda.

9 - During the meetings, it is very important to give the messages in a short duration. It should be essential to allow time to hear the contributions of as many participants as possible. Regarding the contributions following the key note speeches, the time allocation for each contribution will be limited with (3 + 1 = 4 minutes).

10 - Regarding our meetings; currently, monthly, three regular meetings are running; twice a month 'Worldwide Meetings of UBI Advcates and UBI Networks' and once a month 'Best Practices during UBI Advocacy' (for ECI-UBI 2020 and for UBI Movement). These meetings are being announced at the social media, together with the Zoom link details and are open to everybody. This situation is relatively difficult to handle. But, we can make an announcement at the beginning of each meeting regarding the expectations from the participants. I believe, this may solve the problem to ceratin extent.

I am very sorry that i have to prepare and share this message. But for the sustainability of our common efforts, considering the messages i received, i believe it was necessary.

I will not mention their names, but i would like to thank all contributors who made content contributions to this message.

The content of this message will be valid TEMPORARILY (till the end of our coming meeting on 9th of February, 2021, at GMT 14:30). Following the discussions to be held during that meeting, we hope to have a PERMANENT set of rules.

Stay safe and well,
All the best

Ali Mutlu Köylüoğlu
